

Dear colleagues,

We certainly recognise ourselves in the aims of your campaign "Enough". The ETUC also strives for: "men and women with equal rights at work; equal pay for equal work; the unimpeded right to start and raise one's family; young people with the right to quality education as a basis for stable, sustainable, durable and decent jobs; pensioners who deserve to spend their senior years decently and worry-free; the unborn ones who should be born and raised in a Serbia that is better than the present-day Serbia."

We hope that the forthcoming discussions leading to Serbia's entry into the European Union will give us a platform from which we can fight for our common aims.

In solidarity,

Bernadette Segol
